Claims 88 – 98. (Cancelled)

Claim 99. (Currently Amended) A computer-based method ~~for transferring funds from a bank or credit card account of a fund depositor to third party dependents,~~ comprising:

creating a third party account with a bank linked to an ~~a bank or credit card~~ account of ~~[[said]]~~ a fund depositor using information received from ~~entered by~~ said fund depositor ~~with a personal computer~~ ;

encoding a debit ~~magnetic~~ card linked to said third party account with third party account information permitting cash withdrawals or fund transfers as payments for goods or services;

issuing said debit ~~magnetic~~ card to a designated recipient ~~son or daughter~~  
of said fund depositor;

~~storing information on fund transferees and corresponding payment amounts for  
goods and services obtained using said magnetic card linked to said third party account;~~  
and

supplying to said fund depositor ~~through a CRT or LCD output device~~ said stored  
information on payees ~~fund transferees~~ and corresponding payment amounts for said  
third party account[[:]]

~~wherein said fund depositor account and said third party account communicate  
through an external bank, credit card or atm network .~~

Claims 100 – 110. (Canceled)

Claim 111. (Withdrawn) An apparatus comprising:

a computer readable media programmed to perform the steps of:

receiving a bank or a credit account containing customer's funds for allocation to at least  
one third party recipient;

establishing a secondary account file for the third party recipient; and

periodically transferring directly and automatically to said secondary account file from said  
bank or the credit account an allowance payment for use by the third party recipient to purchase  
classes of goods or services;

wherein a customer using an Internet network may directly set limits on the allowance  
payment to purchase particular goods and services.

Claim 112. (Withdrawn) An apparatus comprising:

a computer with a storage device programmed to perform the steps of:

receiving a bank or a credit account containing customer funds for allocation to at least one third party recipient;

establishing a secondary account file for the third party recipient; and

periodically transferring directly and automatically to said secondary account file from said bank or the credit account an allowance payment for use by the third party recipient to purchase classes of goods or services;

wherein a customer using an Internet network may directly set limits on the allowance payment to purchase particular goods and services.

Claim 113. (Canceled)

Claim 114. (New) The method of Claim 78, wherein said limiting step comprises permitting purchases from a computer software store or a bookstore.
